What is Taxmann’s Practice?
Taxmann’s Practice is a virtual legal assistant for practitioners and professionals to:
• Understand complex legal concepts;
• Give instant and best-in-class advice;
• Write extraordinary submissions for assessments and appeals;
• Answer all challenging queries of clients and management; and
• Learn the process of compliances required under various laws.

What does Taxmann’s Practice do?
This platform delivers complete, updated, accurate, and authentic content in a simple language that is easy to understand and use. You can search any concept using keywords, Sections, etc. It provides you with in-depth coverage on every concept from all applicable laws. One of the unique features of tax practice is inter-linking between different laws. For example, you wish to know about the implications of selling immovable property. This platform provides guidance from the Income-tax Act, GST, Company law, Accounting Standard and FEMA relating to the sale of immovable property.

Why should I subscribe to Taxmann’s Practice?
Practitioners and professionals working in the industry often struggle to get the updated, accurate and comprehensive guidance on any transaction or concept. They have no choice but to refer to free blogs and spurious information on social sites or discussion forums. Though many websites provide a summary of the provisions, but these are not updated regularly. Thus, it is distressing for any professional to guide the client or the management relying on such information, which might be outdated, incomplete, or inaccurate. Furthermore, Indian laws are both dynamic and extensive. An Act is not sufficient to understand a concept unless it is read in conjunction with relevant Rules, Circulars, and Notifications prescribed in relation to that. Sometimes it is also essential to know the jurisprudence to conclude a complex problem. The process of researching and understanding takes a considerable amount of time and effort.
Taxmann’s Practice gives you access to everything you need to know about a concept or a transaction in simple language from a single window. It gives you updated, comprehensive, authentic, and accurate guidance on every aspect of various laws. A team of professionals has compiled and vetted each document uploaded on the platform. These documents are constantly amended on a real-time basis to ensure that the information you rely on is accurate and tenable before the authorities. It will save your considerable time and effort in legal research and understanding the concepts.

How is it different from Taxmann’s Research?
Taxmann launched a research platform for tax professionals working in litigations, advisory, or assessment. This platform has a database of case laws, statutes, articles, commentaries, and much more. In the last 20+ years, Taxmann’s Research has become the first choice for revenue officers and professionals to access authentic statutory material, case laws, and other research material. It is meant for those who are interested in research, litigation, assessment, advisory work, etc.
In contrast, Practice is for the professionals to understand the implications of law, to get the readymade material for day-to-day work and to do the compliances.

What do I get in Taxmann’s Practice?
On every concept, Practice gives you access to:
• Read to understand the concept;
• FAQs on that concept;
• Tutorials explaining the Compliances Required;
• Formats of Standard Replies;
• Deeds, or Applications;
• Summary of Landmark Rulings;
• Circulars & Notifications; and
• Recent Updates
All these documents are amended frequently on a real-time basis so that the information you are relying upon remains valid and tenable before the authorities.
