CHAPTER 1

AN INTRODUCTION TO PROJECT APPRAISAL

1.1 Project Appraisal : An Introduction	1
● Common Features of Projects	2
● Project Appraisal Tools	3
1.2 Project Appraisal Process : (Steps)	4
● Stages of Project Appraisal	4
1.3 Project Appraisal Methodology	7
1.4 Project Life Cycle	8
● Project Cycle Management	13
1.5 Origin of Project Appraisal	15
● Working of Cost Benefit Analysis	15
● Cost Benefit Analysis of Private and Public Sector Projects	16
1.6 Development Planning and Project Appraisal	18
● Importance of Public Investment Decision	18
● Project Appraisal and Planning	19
● Investment Criterion and Choice of Technique	20
● Planning Models	23
● The Indian System of Planning	24
● National Planning and Project Appraisal	24
● Issues in Preparation of Planning Models	28

	PAGE
● Implementation of the Project	30
● Difficulties in Project Appraisal and Evaluation	30
● Project Appraisal in India	31
● Case Study-Micromax : Challenging Times ahead (The complete Product Life Cycle)	33
● The Running Case : Robust Cement Ltd.	37
● Questions for Review	38

CHAPTER 2

IDENTIFICATION OF INVESTMENT OPPORTUNITIES AND MARKET ANALYSIS

<i>Case Study : Patanjali Ayurved</i>	39
2.1 Introduction - Market Analysis	41
2.2 Business Ideas	41
● Entrepreneurial Creative Ideation	41
● Creative Ideation Process	42
● Psychological Needs Gap Analysis	43
● Information Sources	44
● Comparison and Screening	44
● Causes of Failure of new Product Idea	45
● The Success Mantra	46
● Project Rating Index	47
2.3 Market Feasibility Analysis	47
● Steps of Market Feasibility Analysis	48
2.4 Understanding the Market	49
● Factors affecting Demand and Supply	50
● Market Gap Identification	51
2.5 Estimating Market Size	52
● Perform a Formal Market Study	54
● Secondary Data	54
● Precautions in Collection of Secondary Data	55
● Sources of Secondary Data	55
● Primary Data	57
2.6 Industry Structure	60
2.7 Managing Competition	61

	PAGE
2.8 Forecasting of Market Growth	62
• Market Forecasting Techniques	64
2.9 Develop the Sales and Marketing Plan	68
2.10 Digital Marketing : The New Frontier	72
• Case Study : Peppertap Shutdown	73
• Running Case	77
• Questions for Review	79

CHAPTER 3

TECHNICAL ANALYSIS

<i>Case Study : A TECHpreneur's guide to success - SHIV NADAR</i>	80
3.1 Introduction - Technical Analysis	83
3.2 Technical Appraisal Decision Tool of the Project	85
• Project Identification	86
• Scope and Impact of Technology	86
• Product Information	88
• Project Schedule	89
• Technology Implementation Schedule	91
• Consideration of Alternatives	92
• Life Cycle Costs and Benefits of the Project	92
• Risk Analysis of the Adopted Technology	93
• Project Cost Benefit Analysis	94
3.3 The Lender's Analysis	95
3.4 Key aspects of Technology	96
• Technology Base	97
• Technology Life Cycle	97
• Technology Transfer	102
• Technology Tie Ups & Diffusion	104
• Knowledge Mapping	106
• Management of Technology and Business	108
3.5 Impact of Technology on management of firms	114
• Case Study : Farewell Nokia - The rise and fall of a mobile pioneer	115
• Running Case : Technical Appraisal of Robust Cement Ltd.	118
• Questions for Review	121

*CHAPTER 4***INVESTMENT APPRAISAL : INTRODUCTION
AND TECHNIQUES**

<i>Case Study - Why the King of Good times flew away</i>	123
4.1 Introduction - Financial Analysis	125
4.2 Investment Decisions & Development Planning	126
• Rationale of Public Investment Decisions	126
• Investment vs. Consumption	127
• Application of Weights	127
4.3 Financial Feasibility Analysis	128
• Sales Revenue and Expenses	129
• Administration Expenses	133
• Total Project Cost	134
• Venture Initiation Costs	135
• Prepare Proforma Income Statement	136
• Cash Flow Statement	139
• Proforma Balance Sheet	141
• Evaluate Project Feasibility	143
4.4 Investment Decision Criteria	144
4.4A Concept of Time in Financial appraisal	144
4.5 Investment Decision Techniques	149
• Non-Discounting Techniques	150
• Pay Back Period	150
• Discounted Payback Period	152
• Accounting Rate of Return	153
• Discounted Cash Flow Methods	154
• Net Present Value	155
• Cost - Benefit Ratio/Profitability Index	157
• Internal rate of Return	159
4.6 Inter-relationship between NPV, BCR and IRR	163
4.7 Financial Feasibility Analysis	166
• Financial Statement Analysis	167
• Liquidity ratios	167
• Profitability ratios	168
• Indebtedness ratios	169
• Activity ratios	170

	PAGE
4.8 Types of Contracts	171
4.9 Lender's perspective : Appraisal of Financial Viability	172
• Case Study - Luxury Hotels Ltd.	176
• Running case : Robust Cement Limited	187
• Case for review	193

CHAPTER 5

ECONOMIC ANALYSIS

<i>Case Study - Solar Parks</i>	194
5.1 Introduction : Economic Analysis	197
5.2 Objectives of Economic Analysis	199
5.3 Rationale of Social Cost Benefit Analysis	200
5.4 Direct and Indirect Cost and Benefits	203
5.5 Shadow price	204
5.6 Choice of Discount Rate	207
5.7 Dealing with uncertainty	208
5.8 Efficiency and Equity in Project Appraisal	208
5.9 Institutional Framework	211
5.10 UNIDO Method for Social Cost Benefit Analysis	214
5.11 Little Mirrlees Approach for SCBA	216
5.12 Indian Scenario	219
• Case Study : Delhi Metro	222
• Running Case	223
• Questions for Review	225

CHAPTER 6

ENVIRONMENTAL - ANALYSIS

<i>Case Study - EIA of building a Hospital Project</i>	227
6.1 Introduction - Environment Analysis	230
6.2 Physical Manifestation of Environment Degradation	234
6.3 Environmental attributes for a Project	235
6.4 Environment Impact Assessment	237
6.5 EIA and Project Life Cycle	240
• Environment Impact Statement	242

	PAGE
6.6 Environmental Considerations and Discount Rate	244
6.7 Economic Valuation of Natural Resources	245
6.8 Resource Allocation	247
6.9 Approaches for Value Measurements	249
• Market Based	250
• Preference Revealed	252
• Dose Response Method	255
• Case Study - Jelam Tamak HE Project	256
• Running case	261
• Questions for Review	264

CHAPTER 7

SOCIO ECONOMIC ANALYSIS

<i>Case Study : Patna Ghats</i>	266
7.1 Introduction - Social Impact Assessment	269
7.2 Environmental and Social Impact Assessment	269
7.3 Progress of SIA	273
7.4 Principles for Social Impact Assessment	275
7.5 Social Impact Assessment Methods and Tools	278
• Sources of Information	279
• Secondary Source	279
• Primary Source	280
7.6 The SIA Process and Report	284
7.7 Advantages - Social Impact Assessment	285
• Case Study - Tehri Dam	287
• Running Case	290
• Questions for Review	291

CHAPTER 8

RISK AND SENSITIVITY ANALYSIS

<i>Case Study Paytm : Vijay Shekhar Sharma</i>	293
8.1 Introduction - Risk and Uncertainty Analysis	296
• Project Uncertainty	297
8.2 Uncertainty Analysis	298
• Break - Even Analysis	298

	PAGE
• Sensitivity Analysis	302
• Scenario Analysis	306
8.3 Risk analysis	308
• Risk Analysis using Simulation Models	312
• Risk Analysis using Decision Trees	320
8.4 Project Selection under Risk	323
• RADR Method	323
• CEA Method	324
8.5 Monitoring and Control of Investment Projects	326
• CPM	326
• PERT	327
• Gantt Chart	328
• Case Study : Yahoo	329
• Running Case	333
• Caselet for Discussion	336

CHAPTER 9

ENTREPRENEURSHIP

<i>Case Study : Kent RO</i>	337
9.1 Introduction : Entrepreneurship	338
9.2 Entrepreneurship Model and Traits	342
• Traits of an Entrepreneur	343
9.3 Theoretical Approaches of Entrepreneurship	347
• Economic Approach	347
• Psychological Approach	351
• Socio-Cultural or Institutional Approach	351
• Managerial Approach	355
9.4 Entrepreneurship : The Global Scenario	358
• Case Study - Corporate Entrepreneurship at Google	359
• Case Study - Failure of Stayzilla	361
• Questions for Review	363

CHAPTER 10

NEW VENTURE : ELEMENTS FOR SUCCESS

<i>Case Study : Naturally Sweet Success Story</i>	364
---	-----

	PAGE
10.1 Introduction	367
10.2 Creativity	368
10.3 Motivation for Creative Ideas and Entrepreneurship	370
• Characteristics of Creative People	371
10.4 Barriers to Creativity	374
10.5 Techniques to Enhance Creativity	376
• Brainstorming	377
• Mind Mapping	377
• Focus Groups	379
• Rapid Prototyping	380
• Synectics	380
• TRIZ	381
10.6 Strategic Planning and the Entrepreneur	381
• Steps in strategic management	382
10.7 Franchising	385
• Types of Franchising	387
• Advantages of Franchising	390
• Sectors with promising franchising future in India	393
• Case Study : Snapdeal	393
• Questions for Review	396

CHAPTER 11

FORMATION OF A NEW VENTURE

11.1 Introduction	397
11.2 Financing Options for a New Venture	397
• Equity based Funding options	398
• Debt Financing	400
• Unconventional	401
11.3 What is a Startup	402
• Eligibility to obtain benefits under various Government Schemes by a startup in India	402
11.4 Checklist for starting New Business in India	403
11.5 Government Initiatives for Startups in India	405
11.6 Checklist for preparation of Project Reports and Business Plan	407

	PAGE
ANNEXURES	
Annexure I : <i>Small Scale Industries</i>	410
Annexure II : <i>Preliminary information for financial assistance from SIDBI</i>	417
