

Preface to Second Edition

This Second Edition of 'Principles & Practice of Accounting' for C.A. Foundation has been designed as per the new syllabus prescribed by ICAI w.e.f. July 2017 & as per the recent amendments in the provisions of the Companies Act, 2013 applicable for Nov. 2019 exam. Some unique salient features of the book are:

- ◆ *For the purpose of ease in study, the book is divided into 23 Chapters as appearing in the List of contents.*
- ◆ *The book includes complete theory in respect of all the topics, in lucid & simple style & covers over 350 illustrations with working notes and more than 100 practice questions*
- ◆ *The book also provides problems of previous examinations along with their solution which includes comments, explanations, assumptions, working notes & alternatives wherever deemed relevant.*
- ◆ *Topics & questions have been sequenced in the order in which it will be convenient & expedient for study by the students.*
- ◆ *The book also incorporates solved papers of CA Foundation May 2018, November 2018 & May 2019 examinations.*

Authors are grateful for the initiative & the endeavours put in by the management team of TAXMANN for printing & publishing the Second Edition of the book.

Authors welcome any suggestions & constructive feedback for the improvement of the book.
