

Contents

Chapter 1 COST ACCOUNTING : SYSTEMS, OBJECTIVES AND ESSENTIALS

Meaning and Terminology 2

Cost, Costing, Cost Accounting, Cost Accountancy, Cost Unit, Cost Object.

Comparison with Financial Accounting 5

Cost Accounting System 6

Objectives of Cost Accounting, Necessity for Cost Accounting System, Reports provided by Cost Accounting Department, Essentials of Good Cost Accounting System, Essential Factors for Good Cost Accounting System, Important Features of a Performance Measurement Costing, Practical Difficulties in Installation, Suggestions to Overcome Practical Difficulties, Limitations of Cost Accounting.

Methods of Costing 13

SPECIFIC ORDER COSTING - Job Costing, Contract Costing, Batch Costing;

CONTINUOUS OPERATION COSTING - Process Costing, Operation Costing, Unit Costing, Service Costing.

Types of Costing Systems 14

Historical Costing, Absorption Costing, Direct Costing, Marginal Costing, Standard Costing, Uniform Costing.

Key Terms 15

Theoretical Questions 16 True or False

Statements 17

Choose Correct Answer 18

Chapter 2 COST CONCEPTS : TERMINOLOGY AND CLASSIFICATION

Cost Management 22

Need for Cost Management, Composite Cost Unit, Standing Order Number vs. Cost Account Number, Strategic Cost Management.

Classification of Costs 24

CLASSIFICATION OF COSTS BY NATURE - Material Cost, Labour Cost, Expenses; COST CLASSIFICATION IN RELATION TO COST CENTRE - Direct Costs, Indirect Costs; COST CLASSIFICATION BY TIME - Historical Cost, Predetermined Cost, Standard Cost, Estimated Cost; COST CLASSIFICATION FOR DECISION MAKING - Marginal Cost, Differential Cost, Opportunity Cost, Relevant Cost, Sunk Cost, Replacement Cost, Normal Cost, Abnormal Cost, Avoidable Cost, Unavoidable Cost, Pre-production Cost, Product Cost, Period Cost, Traceable Cost, Common Cost, Controllable Cost, Uncontrollable Cost, Short-run Cost, Long-run Cost, Past Cost, Future Cost, Explicit Cost, Implicit Cost, Book Cost, Shutdown Cost, Abandonment Cost, Urgent Cost, Postponable Cost, Conversion Cost; COST CLASSIFICATION BY NATURE OF PRODUCTION PROCESS - Batch Cost, Process Cost, Operation Cost, Operating Cost, Contract Cost, Joint Cost.

Cost Codification 32

Definition and Meaning, Objectives of Codification, Requirements of Efficient Coding System, Methods of Codification of Costs.

Key Terms 35

Theoretical Questions 37 True or False

Statements 38

Choose Correct Answer 39 Examination Problems 41

Chapter 3 COST CONCEPTS : BEHAVIOUR AND SEGREGATION

Behaviourwise Cost Classification 45

Classification of Costs based on Variability - Variable Cost, Fixed Cost, Semi-variable or Semi-fixed Cost, Specific and Common Fixed Cost, Committed Fixed Cost, Discretionary Fixed Cost, Engineered Cost, Managed Cost, Capacity Cost, Programmed Cost; Diagrammatic Presentation of Cost Behaviour, Importance of Behaviourwise Cost Classification.

Segregation of Semi-variable Costs 49

Industrial Engineering Method, Account Inspection Method, Scatter Graph Method, High and Low Method, Regression Analysis, Multiple Regression Analysis, Assumptions in Regression Analysis, Precautions in Using Regression Analysis.

Coefficient of Correlation and Coefficient of Determination 57

Coefficient of Correlation, Coefficient of Determination.

Key Terms 61 Theoretical Questions 62 True or False Statements 63

Choose Correct Answer 63 Examination Problems 66

Chapter 4 DIRECT MATERIAL : PROCUREMENT PROCEDURES AND ACCOUNTING OF ISSUES

Purchase and Stores Routine 72

Definition and Meaning of Raw Materials, Bill of Materials, Purchase Requisition, Purchase Order, Material Inspection Note, Goods Received Note, Stores Requisition Note, Material Transfer Note, Material Return Note, Bin Card, Stores Ledger.

Pricing of Material Issues 79

Components in Direct Material Cost; Methods of Pricing Material Issues - Actual Cost Method, First In First Out Method, Last In First Out Method, Highest In First Out Method, Simple Average Cost Method, Weighted Average Cost Method, Periodic Average Cost Method, Standard Cost Method, Replacement Cost Method, Next In First Out Method, Base Stock Method; Factors Effecting Selection of Pricing Method; Suitability of Pricing Method in Rising Prices.

Material Shortages 86

Reasons for Stock Discrepancies, Steps to Avoid Stock Discrepancies, Accounting Procedure for Material Shortages.

Inventory Systems 90

Material Control System, Perpetual Inventory System, Continuous Stock Taking System, Periodic Stock Taking System, Two Bin System.

Key Terms 93 Theoretical Questions 94 True or False Statements 95

Choose Correct Answer 96 Examination Problems 98

Chapter 5 DIRECT MATERIAL : STOCK CONTROL TECHNIQUES

Importance of Inventory Control 112

Definition and Meaning of Inventory, Features of Ideal Inventory Policy, Requirements of Stock Control, Impact of Inflation on Inventory Holding.

Inventory Control Ratios 114

Input-Output Ratio, Stock Turnover Ratio.

Inventory Control Techniques 116

Economic Order Quantity, Pull System in Inventory Control, Fixation of Inventory Levels, VED Analysis, FNSD Analysis, ABC Analysis, Just In Time Inventory Management.

Key Terms 126 Theoretical Questions 127 True or False Statements 128

Chapter 6 DIRECT LABOUR : REMUNERATION SYSTEMS

Items of Labour Cost 151

Direct Labour Cost, Indirect Labour Cost, Items of Labour Cost.

Studies at Work Place and Job Appraisal 151

Time and Motion Study, Method Study, Work Study, Activity Sampling, Work Simplification, Job Evaluation, Merit Rating.

Time Rate Remuneration Plans 154

Suitability, Advantages and Disadvantages, Flat Time Rate Plan, High Day Rate Plan, Plan with Different Time Rates, Halsey Premium Bonus Plan, Rowan Premium Bonus Plan, Comparison of Halsey and Rowan Plans, Halsey-Wair Plan, Accelerated Premium Bonus Plan, Emerson's Efficiency Bonus Plan, Barth Variable Bonus Plan, Bedaux Points Plan, Gnatt's Task Bonus Plan.

Piece Rate Remuneration Plans 164

Straight Piece Rate Plan, Piece Rate with Guaranteed Time Rate Plan, Differential Piece Rate Plan, Taylor's Differential Piece Rate Plan, Merrick's Differential Piece Rate Plan.

Group Bonus Plans 168

Applicability, Advantages and Disadvantages, Priestman's Production Bonus Plan, Cost Efficiency Bonus Plan, Rucker's Plan, Nunn-Bush Plan, Towne Gain Sharing Plan, Profit Sharing Plan, Co-partnership Plan.

Requisites of Good Wage Incentive Plan 172

Key Terms 173 Theoretical Questions 174 True or False Statements 174

Choose Correct Answer 175
Problems 178

Examination

Chapter 7 DIRECT LABOUR : TURNOVER AND ACCOUNTING

Labour Cost Records 198

Clock Card, Daily or Weekly Time Sheet, Job Cards, Piece Work Cards.

Accounting of Labour Cost 198

Payroll Accounting, Labour Cost Accounting, Time Keeping, Time Booking.

Labour Turnover 201

Causes of Labour Turnover - Avoidable Causes, Unavoidable Causes, Measures to Reduce Labour Turnover, Measurement of Labour Turnover, Costs of Labour Turnover - Preventive Costs, Replacement Costs, Treatment of Cost of Labour Turnover.

Idle Time 208

Causes of Idle Time - Causes of Normal and Abnormal Idle Time, Accounting Treatment of Idle Time - Normal and Abnormal Idle Time.

Overtime Premium 210

Accounting Treatment, Measures to Control Overtime Premium, Disadvantages of Overtime Working.

Treatment of Special Labour Costs 211

Cost of Apprentice, Employee Welfare Costs, Fringe Benefits, Bonus, Gratuity.

Incentive Schemes 212

Incentive Schemes for Indirect Workers, Indirect Incentive to Direct Workers, Casual and Out Worker.

Key Terms	213	Theoretical Questions	214	True or False
Statements	215			
Choose Correct Answer	216			Examination
Problems	219			

Chapter 8 OVERHEADS : ALLOCATION AND APPORTIONMENT

Accounting of Overheads 234

Definition and Meaning of Overheads, Definition and Meaning of Direct Expense, High Overhead Costs and Test of Efficiency, Steps in Accounting of Overheads, Classification and Codification of Overheads, Collection of Overheads, Cost Allocation, Criteria for Common Cost Allocation, Allocation and Apportionment of Overheads, Departmentalization, Allocation, Apportionment, Criteria for Apportionment of Overheads, Distinction between Allocation and Apportionment.

Production Overhead 239

Classification of Production Cost, Representative Types and Basis of Apportionment.

Re-apportionment of Service Centre Costs 240

Rationale for Allocating Service Department Costs, Direct Method, Step Method, Repeated Distribution Method, Simultaneous Linear Equation (Matrix) Method.

Administration Overhead 248

Definition and Meaning, Classification of Administration Cost, Representative Types of Administration Overhead, Treatment of Administrative Overheads in Cost Accounting.

Selling and Distribution Overheads 249

Meaning and Classes, Basis of Apportionment, Accounting, Problems in Controlling.

Key Terms	253	Theoretical Questions	254	True or False
Statements	255			

Choose Correct Answer	255			Examination
Problems	258			

Chapter 9 OVERHEADS : ABSORPTION AND RECOVERY

Absorption of Production Overheads 279

Definition and Meaning, Methods of Production Overhead Absorption - Production Unit Method, Percentage of Direct Material Cost Method, Percentage of Direct Labour Cost Method, Percentage of Price Cost Method, Direct Labour Hour Rate Method, Machine Hour Rate Method.

Single and Departmental Overhead Absorption Rates 284

Single Overhead Absorption Rate, Departmental Overhead Absorption Rates, Predetermined Overhead Absorption Rates.

Over and Under Absorption of Overheads 286

Reasons for Over or Under Recovery, Treatment of Under/Over Absorption of Overheads.

Key Terms	288	Theoretical Questions	288	True or False
Statements	289			

Choose Correct Answer	289			Examination
Problems	291			

Chapter 10 OVERHEADS : TREATMENT OF SPECIAL ITEMS

Idle Capacity Costs 311

Interest on Capital 311

Arguments in Favour of Inclusion, Arguments Against Inclusion.

Depreciation 313

Definition and Meaning, Depreciation and Cashflow, Depreciation and Inflation, Obsolescence, Depreciation and Obsolescence : Distinction, Methods of Providing Depreciation, Importance of Sound Depreciation Policy, Plant and Other Fixed Assets Registers, Using of Asset After Fully Depreciated.

Treatment of Special Items of Overheads 316

Idle Capacity Costs, Material Handling Expenses, Market Research Expenses, Subscriptions and Donations, After Sales Service Costs, Royalties and Patent Fees, Training Costs, Taxation, Financing Charges, Major Repairs to Equipment, Cost of Tools, Bad Debts, Notional Rent, Packing Expenses, Data Processing Cost, Stores Overhead, Erection and Dismantling of Plant and Machinery, Transport Cost, Insurance Cost.

Research and Development Costs 321

Examples of R&D Costs, Treatment of Research Cost, Treatment of Development Cost.

Waste, Scrap, Spoilage and Defectives 322

WASTE - Accounting of Waste, Control of Waste; SCRAP - Accounting of Scrap, Classification of Scrap, Control of Scrap; SPOILAGE - Accounting of Spoilage, Control of Spoilage; DEFECTIVES - Causes of Defectives, Classification of Defectives, Accounting of Defectives, Control of Defectives.

Key Terms 325

Theoretical Questions 326 True or False

Statements 327

Choose Correct Answer 327

Examination

Problems 328

Chapter 11 ACTIVITY BASED COSTING : SYSTEMS AND PROCEDURES

Traditional Cost System 334

How Traditional Cost System Works? Classification of Manufacturing Costs, Dangers of Incorrect Cost Information, Inadequacies of Traditional Cost Systems, Reasons for Emergence of Activity Based Costing System, Features of Cost System in World-Class Company.

Meaning and Objectives of ABC 337

Definition and Meaning, Objectives of ABC.

Steps in ABC System 340

Distinction between Value Added and Non-Value Added Activities, Different Categories of Cost Pools and its Cost Drivers, Difficulties in adoption of ABC in Service Organization.

Advantages and Limitations of ABC 349

Advantages, Limitations, How ABC System Supports Corporate Strategy?

Other Concepts in ABC 351

Activity Based Information and Decision Making, Activity Based Budgeting, Activity Based Management, Activity Based Accounting.

Key Terms 355

Theoretical Questions 356 True or False

Statements 357

Choose Correct Answer 358

Examination

Problems 360

Chapter 12 COSTING METHODS : OUTPUT COSTING, JOB COSTING AND BATCH COSTING

Output Costing 384

Meaning, Ascertainment of Cost of Production and Profit, Multiple Costing, Production Account and Cost Sheet : Distinction.

Job Costing 388

Definition and Meaning, Features, Procedures, Advantages.

Batch Costing 392

Definition and Meaning, Economic Batch Production, Job Costing and Batch Costing : Distinction.

Key Terms 396 Theoretical Questions 396 True or False

Statements 397

Choose Correct Answer 397 Examination

Problems 400

Chapter 13 CONTRACT COSTING : RUNNING CONTRACTS AND CONTRACTS NEARING COMPLETION

Definition and Features 423

Definition and Meaning of Contract Costing, Features of Contracts, Job Costing and Contract Costing : Distinction.

Accounting Procedure 424

Accounting Treatment of Costs, Surveyor's Certificate and Retention Money, Ascertainment of Work-in-Progress.

Costing of Running Contracts 425

Costing of Contracts Nearing Completion 427

Cost Plus Contracts 429

Definition and Meaning, Principles, Merits and Demerits, Bid Costing and Cost Plus Contract Costing : Distinction.

Fixed Price Contract with Escalation Clause 431

Key Terms 433 Theoretical Questions 434 True or False

Statements 435

Choose Correct Answer 435 Examination

Problems 438

Chapter 14 OPERATING COSTING : APPLICATION IN SERVICE SECTOR

Meaning of Service Costing 465

Definition of Service Costing, Service Cost per Unit, Application of Service Costing, Service Costing and Output Costing : Distinction.

Forms of Service Costing 467

Transport Costing, Absolute and Commercial Tonne- Kms., Hotel Costing, Canteen Costing, Power House Costing, Hospital Costing, Customer Costing in Service Sector, Customer Profitability Analysis, Pricing by Service Sector.

Key Terms 477 Theoretical Questions 477 True or False

Statements 478

Choose Correct Answer 478 Examination

Problems 480

Chapter 15 PROCESS COSTING : ASCERTAINMENT OF COST AND PROFITABILITY

Process Costing 498

Definition and Meaning, Features, Job Costing and Process Costing : Distinction.

Process Losses and Gains 499

Normal Loss, Abnormal Loss, Abnormal Gain.

Operation Costing 502
Key Terms 503 Theoretical Questions 504 True or False
Statements 504
Choose Correct Answer 505 Examination
Problems 507

Chapter 16 PROCESS COSTING : EQUIVALENT UNITS

Valuation of Work-in-Progress 524
Definition and Meaning of Equivalent Production, Valuation of WIP when only Closing WIP exists, Valuation of WIP when Opening and Closing WIP exists - FIFO Method, LIFO Method, Average Cost Method; Steps in Valuation of Equivalent Units.
Key Terms 529 Theoretical Questions 529 True or False
Statements 529
Choose Correct Answer 529 Examination
Problems 530

Chapter 17 JOINT PRODUCTS AND BY-PRODUCTS : ASCERTAINMENT OF COST AND PROFITABILITY; DECISIONS ON FURTHER PROCESSING

Joint Products 549
Definition and Meaning of Joint Products, Meaning of Co-Products.
Methods of Accounting for Joint Products 550
Physical Units Method, Market Value Method, Contribution Margin Method, Average Unit Cost Method, Survey Method, Standard Cost Method, Direct Allocation Method.
By-Products 552
Definition and Meaning of By-Products, Scrap and By-Product : Distinction, Meaning of Waste.
Methods of Accounting for By-Products 553
Cost Methods, Non-Cost or Sales Value Method, Selection of Appropriate Accounting Method, Joint Product and By-Product : Distinction, Objectives for Allocation of Joint Costs.
Key Terms 556 Theoretical Questions 557 True or False
Statements 558
Choose Correct Answer 558 Examination
Problems 560

Chapter 18 RECONCILIATION OF PROFIT : COST ACCOUNTS AND FINANCIAL ACCOUNTS

Cost and Financial Accounts : Reconciliation of Profit 576
Need for Reconciliation, Reasons for Disagreement.
Methods of Reconciliation 578
Memorandum Reconciliation Account, Reconciliation Statement.
Key Terms 582 Theoretical Questions 582 True or False
Statements 583
Choose Correct Answer 583 Examination
Problems 584

Chapter 19 COST BOOK-KEEPING : NON-INTEGRATED AND INTEGRATED COST SYSTEMS

Non-Integrated Accounting 600
Meaning, Inter-locking of Accounts, Principal Ledgers and Control Accounts.
Integrated Accounting System 604
Definition and Meaning, Benefits, Prerequisites for Integration of Accounts
Accounting Treatment 615
Pre-requisites for computerization of Accounts, Accounting Entries under both
Methods.
Key Terms 618 Theoretical Questions 618 True or False
Statements 619
Choose Correct Answer 619 Examination
Problems 620

Chapter 20 BREAK-EVEN AND COST-VOLUME-PROFIT ANALYSIS : IN MULTI PRODUCT AND UNCERTAINTY SITUATIONS

Break-even Analysis 639
Construction of Break-even Chart, Formulas used in Break-even Analysis, Assumptions and
Limitations, Cash Break-even, Profit-Volume Ratio, Margin of Safety, Angle of Incidence,
Relationship of BEP, Margin of Safety and Angle of Incidence, Impact of Selling Price, Fixed
Cost and Variable Cost on BEP.
Cost-Volume-Profit Analysis 647
Meaning of CVP Analysis, Procedure in CVP Analysis, Benefits of CVP Analysis,
Assumptions in CVP Analysis, Practical Difficulties in CVP Analysis.
Profit-Volume Chart 650
Construction of Profit-Volume Chart, Profit-Volume Chart with Change in Selling Price, Profit-
Volume Chart in Multi-Product Situations.
Curvilinear Break-even Analysis 656
CVP Analysis Under Uncertainty : Simulation Technique 658
Statistical Distributions
CVP Analysis Under Uncertainty : Normal Distribution Curve 659
Application of Linear Programming in CVP Analysis 664
Simulated Break-even Point Analysis 665
Key Terms 666 Theoretical Questions 667 True or False
Statements 668
Choose Correct Answer 669 Examination
Problems 673

Chapter 21 MARGINAL COSTING TECHNIQUE : APPLICATIONS IN DECISION MAKING

Absorption Costing 700
Meaning of Absorption Costing, Growing Importance of Overheads, Criteria for Absorption of
Overheads, Advantages and Limitations of Absorption Costing.
Direct Costing 703
Meaning of Direct Costing, Direct Costing and Absorption Costing : Distinction.
Marginal Costing 704
Meaning of Marginal Cost and Marginal Costing, Contribution and Profit : Distinction,
Formulas used in Marginal Costing, Features of Marginal Costing, Arguments in Favour of
Marginal Costing, Criticism Against Marginal Costing, Absorption Costing and Marginal
Costing : Distinction, Absorption Costing and Marginal Costing : Impact on Profit.
Practical Applications of Marginal Costing 714

Key or Limiting Factor Analysis, Profit Planning, Selection of Profitable Product Mix, Make or Buy Decisions, Introduction of a New Product, Discontinuance of a Product or Closure of a Department, Accept or Reject Special Offer and Subcontracting, Planning of Activity Level, Market Expansion, Temporary Cessation of Operations.

Key Terms 719 Theoretical Questions 720 True or False Statements 722

Choose Correct Answer 722 Examination Problems 726

Chapter 22 BUDGETING : PREPARATION OF BUDGETS AND CONTROL OF VARIANCES

Definition and Meaning of Budgetary System 789

Meaning and Definition - Budget, Budgeting, Budgetary Control, Budget and Forecast : Distinction, Requirements of a Sound Budgeting System, Advantages of Budgeting, Problems in Budgeting.

Budgeting Process 793

Steps in Budgeting Process, Other Requirements in Budgeting Process.

Preparation of Budgets and Analysis of Variances 797

Kinds of Budgets, Analysis of Cost Variances, Behavioural Aspects of Budgeting.

Flexible Budgeting 802

Meaning, Proforma of Flexible Budget, Advantages and Disadvantages of Flexible Budget, Fixed Budget and Flexible Budget : Distinction.

Zero Base Budgeting 805

Meaning of ZBB, Requisites for Implementation of ZBB, Features of ZBB, ZBB and Traditional Budgeting : Distinction, ZBB and Incremental Budgeting, ZBB and Decision Packages, ZBB and Feedback Control, Benefits of ZBB, Criticism of ZBB.

Program Budgeting 810

Meaning of PPBS, Constituent Parts of PPBS, PPBS and Conventional Budgeting : Distinction, Stages in PPBS, Procedure for Developing PPBS, Advantages of PPBS.

Performance Budgeting 813

Meaning, Requisites, Comparison with Traditional Budgeting and Program Budgeting, Steps in Implementation, Purposes, Requirements for Introduction.

Rolling Budgeting 816

Meaning, Advantages and Disadvantages.

Planning and Control Budgeting 817

Meaning, Planning Budget and Control Budget : Distinction, Critical Planning Variables, Similarities and Differences.

Responsibility Budgeting 819

Meaning, Proforma of Responsibility Budget.

Participative Budgeting 820

Meaning, Advantages.

Key Terms 821 Theoretical Questions 823 True or False Statements 824

Choose Correct Answer 825 Examination Problems 827

Chapter 23 STANDARD COSTING : TERMINOLOGY, VARIANCE ANALYSIS AND INVESTIGATION

Standard Costing System 857

Definition and Meaning of Standard Costing, Objectives of Standard Costing, Terminology on Standards, Types of Standards, Setting Standards, Standard Costing System During Inflation, Standard Costing and Activity Based Costing, Standard Costing and AMT, Standard Cost Card, Responsibility for Setting Standards, Setting Up Production Standards and Establishment of Standard Costs, Problems in Setting Standard Costs, Advantages of Standard Costing, Criticism on Standard Costing, Standard Cost and Estimated Cost : Distinction, Standard Costing and Budgetary Control : Distinction, Behavioural Consideration in Standard Costing.

Variance Analysis 868

Definition and Meaning, Material Variances, Labour Variances, Variable Production Overhead Variances, Fixed Production Overhead Variances, Sales Variances, Sales Variances Based on Profit, Sales Variances Based on Turnover, Profit Variances, Disposal of Variances.

Revision of Standards, Interpretation and Disposal of Variances 895

Revision of Standards, Revision Variance, Interpretation of Variances, Causes of Variance, Reasons for Cost Variances, Interdependence between Variances, Disposal of Variances.

Techniques of Investigation of Variances 899

Heuristics, Trend Analysis, Statistical Control Charts, Decision Tree Approach, Decision Theory Approach (Game Theory), Economics of Control of Variances.

Key Terms 910

Theoretical Questions 911 True or False

Statements 912

Choose Correct Answer 913

Examination

Problems 916

.....

Chapter 24 UNIFORM COSTING AND INTERFIRM COMPARISONS

Uniform Costing 961

Definition and Meaning, Objectives, Requisites for Installation, Uniform Cost Manual and Its Contents, Benefits and Limitations.

Interfirm Comparisons 966

Meaning, Prerequisites, Problems, Advantages and Limitations.

Key Terms 969

Theoretical Questions 970 Choose Correct

Answer 970

Examination Problems 971

.....

Chapter 25 COST AUDIT AND MANAGEMENT AUDIT

Cost Audit 974

Definition and Meaning, Objectives, Important Legal Provisions, Important Provisions of Cost Audit Report Rules, 1996, Cost Audit and Financial Audit : Distinction, Cost Accounting Records.

Management Audit 980

Definition and Meaning, Objectives, Scope, Weaknesses Revealed.

Efficiency Audit and Propriety Audit 982

Efficiency Audit, Propriety Audit.

Key Terms 983

Theoretical Questions 983 Choose Correct

Answer 984

.....

Chapter 26 LATEST DEVELOPMENTS IN COST ACCOUNTING

Target Costing 986

Definition and Meaning of Target Costing, Steps in Target Costing, Target Costing Methodology, Target Costing Approach to Product Pricing, Methods of Establishment of Target Costs.

Backflush Accounting 994

Definition and Meaning, Problems, Advantages, Variants of Backflush Accounting.

Throughput Accounting 1000

Meaning and Definition, Basic Concepts, Traditional Product Costing and Throughput Accounting (TA) : Distinction, Bottlenecks and Overhead Attribution.

Resource Consumption Accounting 1004

Definition and Meaning, Methodology in Implementation of RCA, Advantages of RCA, Difficulties in Implementation of RCA.

Lean System 1007

Meaning of Lean Thinking, Steps in Lean Thinking, Lean Production System, Meaning of Lean Management Accounting, Advantages of Lean Management Accounting.

Attributable Costing 1010

Key Terms 1010 Theoretical Questions 1011 True or False

Statements 1012

Choose Correct Answer 1012
